## Foreign Reference Information Disclosure Statement

**OFFICIAL**

Dear Sirs:

Attached is a completed one (1) sheet Form PTO-1449A substitute for the above-referenced application. This transmittal contains only foreign patent documents. An electronic information disclosure containing over two dozen US patent documents was filed with this application. No copies of these references are required for the reasons outlined below.

This application is a continuation of parent U.S. application 09/673,813 filed October 21, 2000, now U.S. Patent 6,634,437 issued October 21, 2003. Both of these foreign patent documents are already part of the file for this parent application. Furthermore, parent 09/673,813 was relied upon for an earlier filing date under 35 USC 120. Therefore, copies of these references need not be provided under 37 CFR 1.98(d).

Furthermore, a "concise explanation of relevance" under 37 CFR 1.98(a)(3) for each of these references not originally cited by the U.S. Patent Office – though optional for English-language references – has already been provided in connection with 09/673,813 by virtue of the international search report for PCT/US99/08689 submitted by applicant which is part of the file for 09/673,813.

Very truly yours,

Jay R. Yablon  
Registration # 30604
